10RB1-400
850H | 900W | 870D (mm)
Seat Height: 440mm

Fire retardant

KEY FEATURES

- Strength tested to 50 stone
- Full plywood reinforcement ensures extra strength and stability
- Fully enclosed base to prevent concealment
- Slim arm maximises seating capacity
- Removable seat and back cushions for easy cleaning
- Seat static weight tested to 500kg

MATERIAL/FABRICATION

Heavyweight carcass made from a mix of particle board and plywood with solid beech wood feet. Full plywood reinforcement is available in our Orr Plus range and is used instead of springing for extra strength. Slim arm used to maximise seating area. Gap left between base and floor to allow for easier cleaning and inspections. All cushions can be removed for easy cleaning and are made from fire retardant, CMHR (combustion modified high resilience) foam
