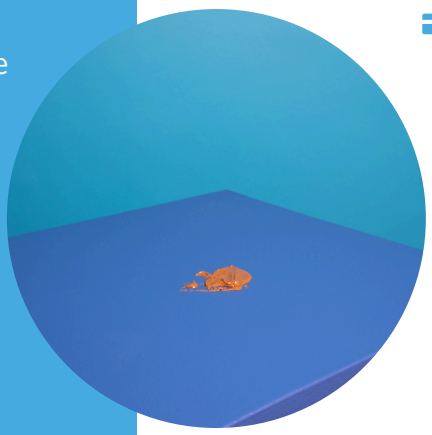
Anti-vandal foam tables by RoccoShield

The RoccoShield table is made of sturdy, fire-retardant foam and features a liquid-proof FlexGuard coating.

Thanks to its seamless design, the table is hygienic, vandal-proof and easy to clean.

Ideal for low-stimulus areas, isolation rooms, extra-secure rooms and other care environments where safety is paramount.

In addition, the table provides a stable place where a client can eat, read or relax in peace.



Extra strong

Customisation is possible

Made from foam

RoccoShield Soft Table

The seamless design eliminates hiding spots for contraband and prevents dirt or fluids from seeping in. Cleaning becomes quick, simple, and hygienic.

Fully constructed from high-resilience CM46 FR foam that comply with CRIB5 tests. The top layer has also passed EN1012-1&2.

LOCALLY MADE

Precision-cut in Belgium and finished in the Netherlands with our rugged FlexGuard coating: a regional quality product, built to last.
