ECLIPSE XXL

ECLIPSE XXL is a transfer hoist that provides a comfortable transfer from a bed, chair or even the floor, with the maximum space for users. The base, equipped with 120mm dual-wheels (two with brake), are opened by a lever to simplify front access, with total stability and safety. The movement of the arm is ensured by an electric actuator, equipped with a safety system. In case of power failure, it is powered by two 24v batteries, with buttons to increase and decrease the control and the automatic emergency brake. Maximum user weight 300Kg. There are several types of harnesses available.

Designed to facilitate transfers with maximum safety and comfort for both the user and the caregiver. Suitable for transfers to and from bed, chair, bath or even floor, it can be used by patients with amputation, paraplegia, tetraplegia, among other conditions, applying the most suitable transfer slings.

Features

Scale
Option

Easy accessibility
Leg opening for front access (eg. wheelchair)

Versatility
Different types of harness available

Easy to manoeuvre
With double castors

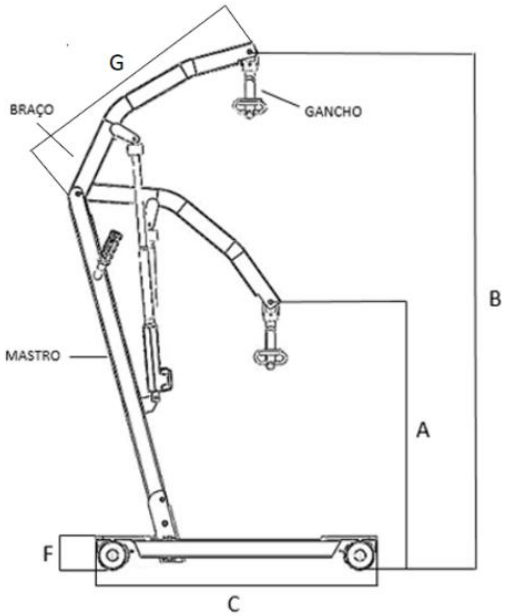

Technical data
