SLINGS XXL

Comfort Line

Bath Line

SLINGS for use in transfer hoists. Designed to meet the needs of the user due to their pathology, mobility potential and type of transfer. Suitable for transfers to and from bed, chair, bath or even floor, it can be used by patients with amputation, paraplegia, tetraplegia, among other conditions, by applying the most suitable transfer slings. With 2 types of finishes: Comfort line for transfer of bed and chair, 3D upholstery; Washable PVC Bath line for transfers to the bathroom. Available in 3 formats: dorsal harness, harness with head support and amputee harness. Its constitution allows for maximum user comfort. The headrest models contain additional reinforcement, with high strength longitudinal bands. Possibility of making other sizes.
