Tear Resistant Pouf For High-Risk Care

Looking for a safe and comfortable seating solution for your care facility? RoccoShield's tear-resistant seating cubes provide a robust seating option. These poufs are vandal-resistant, easy to clean, and ideal for patients who tend to damage furniture.

- Extra strong
- Customisation is possible
- Full foam construction

RoccoShield Tear Resistant Pouf

The seamless design eliminates hiding spots for contraband and prevents dirt or fluids from seeping in. Cleaning becomes quick, simple, and hygienic.

The Forta chairs are fully constructed from high-resilience CM46 FR foam that comply with CRIB5 tests. The top layer has also passed EN1012-1&2.

Precision-cut in Belgium and finished in the Netherlands with our rugged FlexGuard coating:
a regional quality product, built to last.

Specifications:
