ROCCOSHIELD
ANTI-VANDAL FURNITURE

Extremely Durable Bed For Complex Environments

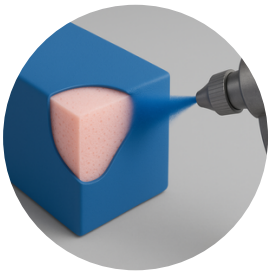

This bed is manufactured entirely from fire-retardant foam and finished with the ultra-strong RoccoShield FlexGuard coating : tear-resistant, vandal-proof, and effortless to clean.

A recessed opening at the base provides caregivers with easy access to the client, without obstruction. On top, a smart mattress recess ensures a perfect fit for 90x200 cm mattresses, keeping them securely in place at all times.

- Extremely Strong
- Custom-Made Possibilites
- Foam Construction

RoccoShield Soft Bed

Precisely cut in Belgium and finished in the Netherlands with a robust FlexGuard coating:
a regional product built on quality and durability.

Specifications:

Size: 102x212x50 cm
Mattress Recess: 90x200 cm
(Size & Shape can be adjusted)
Material: CM46 FR Foam+ FlexGuard PU Coating
Weight: 68 kg
Colour: Blue (All RAL- & Sikkens colours are possible)

Crafted entirely from fire-retardant foam that meets strict CRIB5 standards. The top layer is tested according to EN1012-1&2 fire regulations, ensuring maximum safety and compliance.

The seamless construction eliminates hiding places for contraband and prevents the absorption of dirt or liquids. It also makes cleaning exceptionally quick and effortless.

Available in the full range of RAL and Sikkens colors, the bed can be tailored to the environment and client needs. Choose calming tones, recognizable colors, or visually soothing finishes, fully customized to your requirements. The colour Blue (as shown on image) is available from stock.
