Plinth Medical

UK Made

Model 503OP
3 Section Outpatient Couch

This three section examination and minor procedures couch has been designed for patient recovery and transport within other departments or areas within the hospital. For this reason, the couch is fitted with large, twin castors with central locking and steering facility. The couch features fold-down support rails to secure the onboard patient, a paper roll holder and has an adjustable backrest and foot section to support the patient in a sitting position. The couch is available with a choice of hydraulic or electric height adjustment.

Model 503OPE Electric *Colour - Atlantic Blue*
